It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardui, the woman's tonic. She says further: "Before I began to use Gardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

NO OPPOSITION FROM DEMOCRATS

McReynolds Nomination for Supreme Bench May Be Opposed By Progressive Republicans

Washington, Aug. 19.—Attorney General James C. McReynolds, of Tennessee, was nominated by President Wilson today to succeed the late H. H. Lurton, as justice of the Supreme court.

Thomas Watt Gregory of Texas, was nominated for attorney general. No democratic nomination of Mr. McReynolds is looked for in the Senate. The judiciary committee to which the nomination was referred will meet Monday.

Mr. Gregory's appointment as attorney general also will be passed upon by the judiciary committee. Opposition to Mr. McReynolds is expected from the Progressive Republicans.

The appointment of Mr. McReynolds will mark the first break in President Wilson's official household. It is said to have been the president's ambition to go through with his administration without a change in his cabinet.

Mr. McReynolds is 52 years old and is a native of Kentucky from 1903 to 1907 he was assistant attorney general. Afterward he was engaged in private practice in New York. He was long specially retained by the government in connection with the enforcement of the anti-trust laws, particularly in proceedings against the tobacco trust and the combination of the Anthracite Coal railroads. His home is in Nashville.

Mr. Gregory at present is a special assistant attorney general. He has had charge of the government's investigation of the New Haven railroad. He was born in Crawfordsville, Miss., on November 6, 1861 and was admitted to the Texas bar in 1885. His home is in Austin. As special counsel for the state of Texas he prosecuted many anti-trust cases.

AMERICANS ARE HURRYING HOME

Thousands Leaving English Ports Weekly For Home, Sweet Home

(By Associated Press.)

London, August 19.—The American citizens' relief committee, organized during the financial and shipping panic the first few days of the war; ended its existence today after accomplishing that greatly important English observers.

Owing to the departure, for New York of Theodore Hertzler, Frederick I. Kent, William C. Breed and other leaders in the movement, the executive committee empowered Herbert C. Hoover, W. N. Duane and Joseph H. Day to prepare to turn over the work of the citizens' committee to the American residents' committee which will continue relief measures in conjunction with the American embassy.

At today's meeting Mr. Day reported that 20,000 Americans would sail this week for home, as against 35,000 last week. On the vessels sailing this week are accommodations for 250 first class passengers additional which have not been sold. Most of the inquiries for these reservations are coming from persons who had booked passage in the steerage when the rush began to get away from Europe.

The French steamship line has restored its service from Havre to New York. The steamer Espagne will sail August 22 and the Rochambeau August 29. These sailings will help relieve the situation on the continent.

The American residents' committee handling relief funds is paying out thousands of pounds of sterling daily chiefly as loans. Only a small percentage of this money is being expended as charity. The American embassy is besieged by persons who were expecting money which had been deposited with the state department in Washington and which they believed would arrive on the United States cruiser Tennessee, ambassador Page is trying to straighten out this tangle.

Two steamers sailed today and two will sail tomorrow, two Friday and eight Saturday from English and Scottish ports for the United States, and Canada.

The American committee has donated \$1,250 to the Boy Scout organization.

ASKS THE WORLD TO HEAR THE CALL

Pope Issues Statement Saying That Country Should Ask For Divine Aid

(By Associated Press.) Rome, via London, August 19.—The pope has addressed the following exhortation to the whole world:

"At this moment when nearly the whole of Europe is being dragged into the vortex of a most terrible war, with its present dangers and miseries, and the consequences to follow, the very thought of such must strike every one with grief and horror, we whose care is the life and welfare of so many citizens and peoples, cannot but be deeply moved and our heart wrung with the bitterest sorrow.

"And in the midst of this universal confusion and peril we feel and know that both fatherly love and apostolic ministry demand of us that we should with all earnestness turn the thoughts of Christendom thither 'whence cometh help'—to Christ, the Prince of Peace and the most powerful mediator between God and man.

"We charge therefore the Catholics of the whole world to approach the throne of grace and mercy each and all of them and more especially the clergy, whose duty furthermore it will be to make in every parish an application so that the merciful God may, as it were, be wearied with the prayers of His children and speedily remove the evil causes of war, giving to them who rule to think the thoughts of peace and not of affliction.

JOHN A. HORTON A WINNER

This Statement Is Coming Daily From All Quarters of the District

John A. Horton is receiving letters and messages, wholesale, from every nook and corner of the third congressional district, telling him to put up a stiff fight for the high honor to which he aspires, saying that he will be the next congressman. This his friends believe to be true. Every man in the race realizes that John Horton is the logical man for the position. They realize that Horton, through the hardships of his youthful life—when he was forced to work day and night in order to receive an education, is in sympathy with the laboring class of people. Every honest man on God's green earth admires a man who by energy and thrift alone, has risen from poverty to prosperity. Anderson county will give Horton a handsome vote for several reasons. First, because he is one of her honorable sons. Second, because he is a new and clean man in politics. Third, because they know that he will earn the salary attached to the office. Fourth, because Horton helps pay the taxes of Anderson county. Fifth, because he will vote with the democrats of the south and will promote a worthy cause and will at all times work for the development of rural districts. Seventh, because Horton will work for daily mail deliveries on every public highway in the district. Eighth, because the congressman has been in one family for the period of twenty years. Ninth, because they realize that Alken has been "weighted in the balances and found wanting"—especially in voting against the democratic party.

We could give hundreds of reasons why Anderson county has decided to make a change. But what is the use? Congressman Alken himself practically admits that he sees his finish. He came out in the Anderson daily papers a day or so ago with seven columns of reading matter trying to explain his position on several matters and he jumped from pillar to post and wound up as he did on the stump, in the hole. He sees the "handwriting on the wall," as does his closest friends. Horton knows what he is talking about for men who were strong Alken men ten days ago are now lining up for the Horton column stating that they are "through with Alken."

If Mr. Alken had worked all these twelve years for his constituents, worked in harmony and voted with the democrats he would be in better grace with the people, but if he had done his duty in congress there are thousands of good, honest voters in the district who think that "the silver spoon" should be taken and delivered to a man who is capable of skimming some of the cream and sending it to the third congressional district.—Adv.

VOTERS TURNING TO JOHN HORTON

The Aiken-Baker-Dominick Row Has Disgusted Crowd and They Will Support Horton

Voters in the Third District are flocking to the banner of John A. Horton for congress as they have become disgusted with the Aiken-Baker-Dominick row and think that "where there is so much smoke there must be some fire." Alken says Baker's a liar, Baker says you are another and so the fuss goes on. The people are tired of it and as John Horton has had no hand in it they are turning to him as the best and cleanest man in the race.

Isn't it natural to suppose that a man had to work his way through life realizes more fully than a city bred lawyer, the needs of the great masses of the people. John Horton has been a success in his own business and the people believe he will be a success as their representative. The vote he will receive in Anderson county alone would put him in the second race but he is going to get a big vote in all the other counties besides. This is even admitted by the friends of his opponents. Why shouldn't the people support him because he deserves it? Here is what one voter in Abbeville county says: "Am going to vote for John A. Horton. Have known the Hortons for 35 years, have dealt with them in business and in church and have found them the most pleasant people of all my dealings."

John Horton can beat either of his opponents in the second race as he will secure either the Alken or Dominick vote. Vote for him, give him a trial and if he fails to secure a chairmanship to which he is entitled he will resign. A man that came from between the plow handles will serve you better than a man that has lived easy at the public crib all his life.—Adv.

APPEAL TO WILSON

(By Associated Press.)

Washington, August 19.—President Wilson was appealed to today by Representatives of the Christian Brothers, a Catholic organization which maintains 18 educational institutions in Mexico to use his good offices to persuade the new government of Mexico the order to resume its regular school work this fall. The activities of the Christian Brothers have been interrupted by the revolution and several of its teachers are alleged to have been killed or imprisoned.

The president will take up the question immediately.

RUSSIANS DEFEATED

London, Aug. 19.—A dispatch received today by the Marconi Wireless Press Bureau from Berlin in an encounter near Stallupoenen, East Prussia, August 17, a division of the German first army corps defeated a Russian force capturing 1,000 prisoners and six machine guns. Many Russian guns which could not be taken by the Germans were destroyed.

Humor Denied.

(By Associated Press.) Washington, August 19.—Jose Castellon, who represented Provisional President Carballo in Washington during the latter's brief term of office in Mexico, issued a statement today denying that Carballo had made overtures to the American government to send American troops to Mexico City. Government officials declined to discuss the "report" which was based on messages of a week ago from persons in Mexico who claimed to be speaking for Carballo.
